DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.
2. The following is an examiner's statement of reasons for allowance: the allowability recites at least in part: a flat, elongate base having a recess at about center of either end; and two L-shaped members each hingedly attached to one end of the base proximate the mouth of the recess, the L-shaped member comprising a vertical section and a horizontal section sized to snugly fit in the recess, wherein the L-shaped members are adapted to pivot to fit the horizontal sections in the recesses for defining a first receiving space by the parallel vertical sections and an intermediate portion of the base so that the housing in an upright position is adapted to be disposed in the first receiving space and clamped by the vertical sections; and the L-shaped members are further adapted to pivot about 180 degrees with respect to the recesses with the horizontal sections being flush with the base and extended from the mouths of the recesses, and each vertical section being upright from a portion thereof joined the horizontal section for defining a second receiving space by the parallel vertical sections, the base, and the horizontal sections so that the housing in a lain position is adapted to be disposed in the second receiving space and clamped by the vertical sections.

Art Unit: 2835

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
